

LIGHTING PARTNER PROGRAM

You run the jobs. We run your growth. Launch and beyond.

A full lighting business build out, paid for as a sliding share of what you actually earn. Every fee dollar buys you the site outright.

Brighter Nights Lighting Technologies · Founding round, 10 seats nationwide

Every contractor hits the same wall

Getting into permanent lighting is easy. Getting found, quoting fast, and closing is the hard part.

No website that converts

Template sites, no estimator, no booking, no photos of real installs.

Nobody teaches lighting sales

Bids, upsells, controller demos, seasonal programming. You learn it the expensive way.

Marketing agencies do not know lighting

\$2K to \$10K a month, 4 to 8 months to launch, and the site disappears when you cancel.

No proof to show homeowners

Your first jobs are your only portfolio.

Franchises take the upside

\$20K to \$75K upfront plus 6 to 10% forever, and you build their brand.

Your time with us

1 to 2 hours a week with your partner manager. The rest of our time goes into building and ranking your site.

How it is paid for

No upfront bill. A sliding share of gross lighting revenue that drops as you grow.

Your annual gross revenue	Fee on that portion
First \$250,000	7%
\$250,000 to \$500,000	6%
\$500,000 to \$750,000	5%
\$750,000 to \$1,000,000	4%
Above \$1,000,000	3%

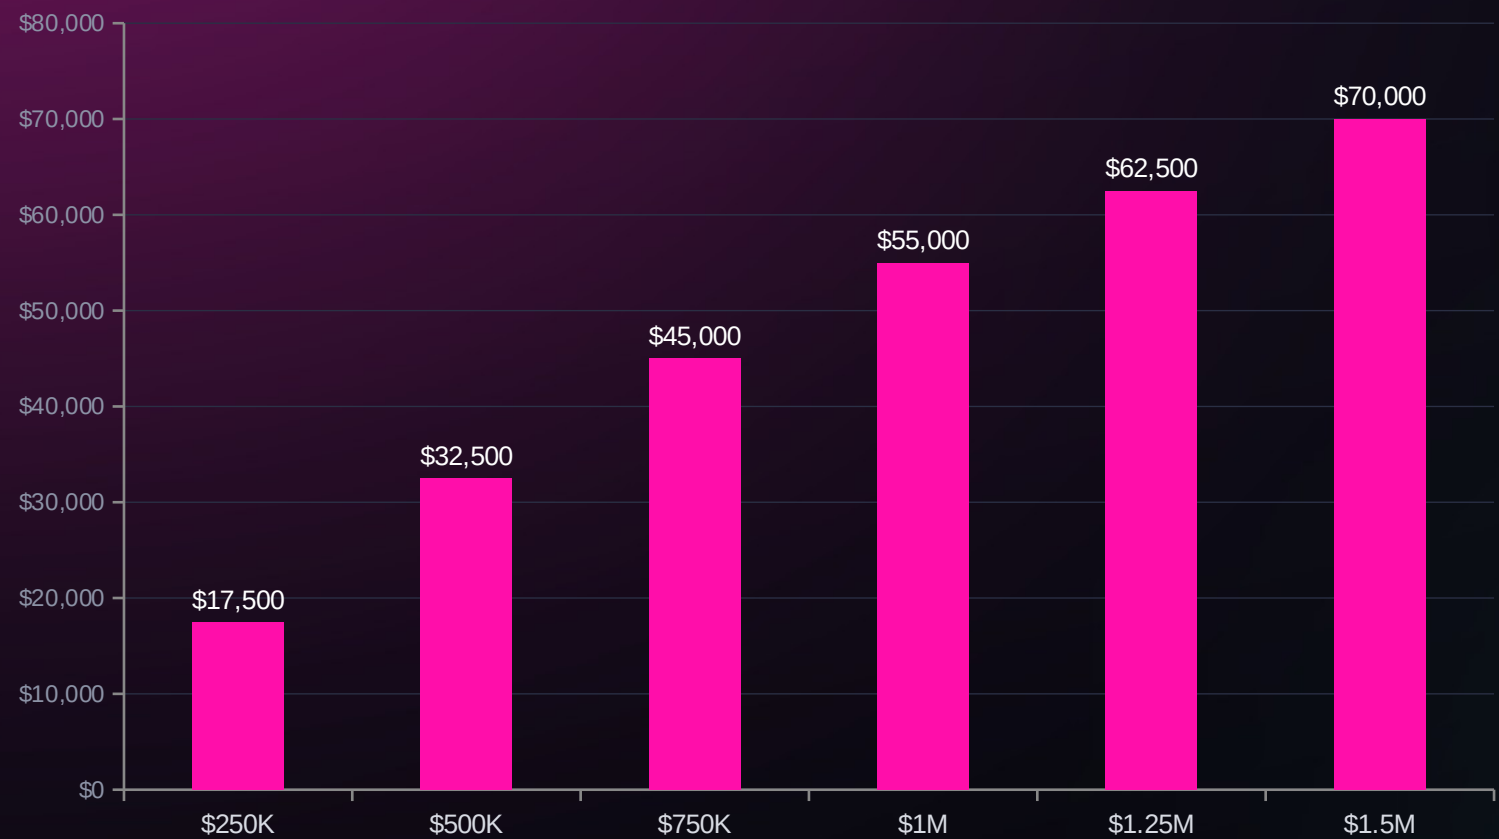

Marginal, like tax brackets

Each tier only applies to the dollars inside it. At \$1M gross the blended rate is 5.5%. At \$1.5M it is 4.7%.

We reinvest 30% of our fee into your ads. You match that 30% locally.

What it looks like in dollars

Fee by annual gross, marginal tier math. Your profit after fee stays above 90% at every level.

\$32,500

fee at \$500K gross (6.5% blended)

\$55,000

fee at \$1M gross (5.5% blended)

\$70,000

fee at \$1.5M gross (4.7% blended)

We reinvest in you

30% of every fee dollar goes straight back into your ads. You match it.

Combined ad budget

\$19,500 a year at \$500K gross
\$33,000 a year at \$1M gross
\$42,000 a year at \$1.5M gross

Versus a marketing agency

Same money, very different outcome.

	Lighting Partner Program	Typical agency (Scorpion, Blue Corona, Hook)
Monthly cost	0 upfront, 3 to 7% of gross	\$2,000 to \$10,000+ flat, win or lose
Knows permanent lighting	Yes, we make the product	No, you teach them
Time to launch	Weeks	4 to 8 months
Ownership on cancel	Every fee dollar credits toward owning it	Site disappears
Photo and video	Thousands of real installs included	You supply or they stock
Contract	3 year, county exclusive, buyout any time	12 month lock in, no exit value

Source: Agency pricing pages and Built With Dias, Local Service Mastery reviews 2026

Versus a franchise

You keep your name and the upside.

	Lighting Partner Program	Home service franchise	Trimlight dealer
Upfront	\$0	\$20K to \$75K	Product only
Ongoing	7% down to 3%, credits to ownership	6 to 10% royalty forever	Materials markup
Your brand	Yes	No	No
Website and tools	Included and earned out	Templated, theirs	Not included
Territory	County exclusive	Assigned	Assigned

How it works

From first call to launch in weeks, not months.

1

Qualification call

2

Territory check and seat offer

3

Agreement signed, 3 year term

4

Site, tools, and ads built (2 to 4 weeks)

5

MOLA onboarding and first bids

6

Launch, weekly reports begin the following week

The fine print

Plain language now, attorney language in the agreement.

- 3 year term, county exclusive, your own brand name
- Fee is on gross lighting revenue, reported monthly, verified against distributor purchases
- Buyout any time: current ledger balance plus 3 months trailing fee, minus 100% of fees already paid
- Add ons only at your written approval, added to the ledger at rate card on ship date
- Routine maintenance and hosting never raise the ledger
- On exit you keep domain, content license, ad accounts. Photo library stays licensed to you
- Optional equity conversion clause available, not required
- Cancel any time, the ledger math still applies

What this is, and is not

Not an agency

We know lighting because we make it. Nothing to teach us.

Not a franchise

Your name, your brand, your county. No royalty forever.

Not a one time build

Weekly reports, standing check ins, ongoing builds.

Not generic

Every tool, photo, and playbook is built for permanent lighting.

Ten seats. One per county.

Two partners onboarded a month. When your county is taken, it is taken.
