

LIGHTING PARTNER PROGRAM

You run the jobs. We run your growth.

A full lighting business build out, paid for as a sliding share of what you actually earn. Every fee dollar buys you the site outright.

Founding round · 10 seats nationwide · Prepared September 2026

What this is

Brighter Nights builds your entire lighting business growth engine, under your brand, in your exclusive county. Website, SEO, instant estimates, online booking, AI assistant, tracking, ad accounts, a library of thousands of real install photos and videos, sales collateral, three playbooks, and Masters of Lighting Academy training. You focus on the work. We handle the rest, and you pay only as a percentage of what you actually earn.

What you get

A fully built website with your own brand, SEO set up from day one, online booking with deposits, and instant estimate tools your customers use themselves. **An AI assistant** trained on permanent lighting that answers product and pricing questions around the clock. **A CRM built into the site**, call tracking, and a rankings dashboard so every lead is sourced. **Full access to our photo and video library. Sales, bidding, and install support** whenever you need it, plus ongoing marketing and advertising help. **A shared partner community** with the Masters of Lighting Academy. **Product supplied through distribution**, stocked nationwide, 3 to 5 day delivery.

How it is paid for

No upfront bill. You pay a sliding percentage of your gross lighting revenue, and the percentage goes down as you grow. Each tier only applies to the dollars inside it, like tax brackets.

Your annual gross revenue	Fee on that portion
First \$250,000	7%
\$250,000 to \$500,000	6%
\$500,000 to \$750,000	5%
\$750,000 to \$1,000,000	4%
Above \$1,000,000	3%

At \$500,000 gross the fee is \$32,500 (6.5% blended). At \$1,000,000 it is \$55,000 (5.5%). At \$1,500,000 it is \$70,000 (4.7%). We reinvest 30% of our fee directly into advertising for your business and ask you to match that 30% into your own local marketing.

Your site has a real, stated value

Every site we build carries a stated dollar value. We call it the ledger. It is set by our Site Value Evaluator, which prices what we built three ways.

	Amount
Part 1 · Market replacement cost of everything built (custom site, SEO, estimator, booking, AI assistant, tracking, photo and video library, CRM, ads setup, collateral, playbooks, MOLA, hosting), priced at 2026 published agency and freelance rates	\$102,650
Part 2 · Your time not spent teaching a generic marketing agency permanent lighting, correcting their work, and sourcing photos and video (180 hours at \$150 an hour)	\$27,000
Part 3 · Revenue not lost to a typical 4 to 8 month agency launch (5 months at \$41,000 a month, 35% of jobs driven by the site)	\$71,750
Ledger opening value	\$201,400

Your numbers may differ. The evaluator is live, and your weekly report shows the exact balance.

Every fee dollar buys the site

100% of every fee dollar you pay us credits against the ledger. Once your credits reach the full amount, you own your site outright. No more fees, no more strings, and you keep the domain, the content license, and your ad accounts.

Example: a partner growing from \$500,000 to \$1.6 million in annual revenue over five years pays \$32,500, \$45,000, \$55,000, \$64,000, and \$73,000 in fees. Cumulative credit passes \$201,400 during year five, and the site is theirs. Faster growth pays it off sooner.

Want more than the base site

If you want something added, extra automation, more pages, a new tool, just ask. We price it off a rate card, send a written quote, and build only after your written approval. It goes on the ledger at that price on the day it ships. Routine maintenance and hosting never raise the ledger. If your add on pace projects a buyout past year seven we flag it before you approve.

Why this also helps you sell your business someday

Because the site has a real, stated dollar value, it is a business asset you can point to, the same way you would list a truck or equipment, if you ever sell your company or bring on a partner.

Beyond launch

This is not a one time build. Starting the week after your site launches you get a weekly report showing the current ledger balance, what was added and what it cost, what it would cost to buy out today, your current fee tier, and your keyword rankings. You have 1 to 2 hours a week with your partner manager. We review competitor sites and propose what to add to yours.
